

Product Datasheet

14-3-3 eta/YWHAH (5F2) Mouse mAb

Catalog No: AB3397

Reactivity: Human, Mouse, Rat

Isotype: Mouse IgG

Applications: WB

www.abways.com

Information

UniProt ID: Q04917

All Names: 14 3 3 protein eta、14-3-3 eta、14-3-3 protein eta、1433F_HUMAN、Brain protein 14-3-3, eta isoform、HGNC:12853、Protein AS1、Tyrosine 3 monooxygenase/tryptophan 5 monooxygenase activation protein 1、Tyrosine 3 monooxygenase/tryptophan 5 monooxygenase activation p

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: kDa

Application

WB 1:500-1:1000

Background

Swiss-Prot Acc.Q04917. Adapter protein implicated in the regulation of a large spectrum of both general and specialized signaling pathways. Binds to a large number of partners, usually by recognition of a phosphoserine or phosphothreonine motif. Binding generally results in the modulation of the activity of the binding partner.

Western blot detection of 14-3-3 eta/YWHAH in HeLa, 3T3, COS7 and C2C12 cell lysates using 14-3-3 eta/YWHAH Mouse mAb (1:1000 diluted). Predicted band size: 28KDa. Observed band size: 28KDa.

For Research Use Only. Not For Use In Diagnostic Procedures.
