

## Product Datasheet

# GAD65 (6D5) Mouse mAb

Catalog No: AB3414

Reactivity: Human,Rat

Isotype: Mouse IgG2b

Applications: WB

[www.abways.com](http://www.abways.com)

### Information

**UniProt ID:** Q05329

**All Names:** GAD65

**Form:** Liquid

**Storage instructions:** Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

**Storage buffer:** pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

**Purity:** Affinity-chromatography

**Immunogen:** A synthesized peptide

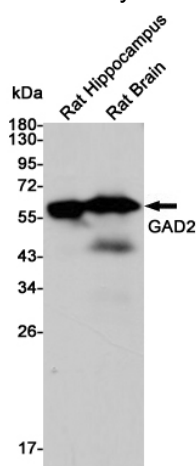

**Molecular Wt.:** 60kDa

### Application

WB 1:500-1:1000

### Background

Swiss-Prot Acc.Q05329.Catalyzes the production of GABA.

Western blot detection of GAD2 in Rat Hippocampus and Rat Brain lysates using GAD2 mouse mAb(dilution 1:1000).Predicted band size:60kDa.Observed band size:60kDa.

**For Research Use Only. Not For Use In Diagnostic Procedures.**
