

Product Datasheet

VAV1 Antibody

Catalog No: AY0323

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: P15498

All Names: Proto-oncogene vav, VAV1, VAV

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 98kDa

Application

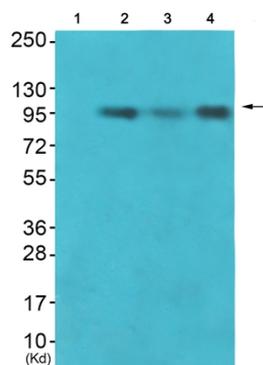

WB: 1:500~1:3000

IHC: 1:50~1:100

ELISA: 1:20000

Background

Couples tyrosine kinase signals with the activation of the Rho/Rac GTPases, thus leading to cell differentiation and/or proliferation.

Western blot analysis of extracts from NIH/3T3; K562; HepG2 cells, using VAV1 antibody.

For Research Use Only. Not For Use In Diagnostic Procedures.
