

Product Datasheet

ARF6 Antibody

Catalog No: AY1234

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: P62330

All Names: ADP-ribosylation factor 6; ARF6; DKFZp564M0264

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 20 KD

Application

WB 1:500~1:1000

Background

Plays an important role in membrane trafficking, during junctional remodeling and epithelial polarization. Regulates surface levels of adherens junction proteins such as CDH1 (By similarity). Required for NTRK1 sorting to the recycling pathway from early endosomes (By similarity).

Western blot analysis of extracts from COLO205 cells, using ARF6 antibody.

For Research Use Only. Not For Use In Diagnostic Procedures.
