

Product Datasheet

CTNND1 Antibody

Catalog No: AY1816

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB, IHC

www.abways.com

Information

UniProt ID: O60716

All Names: CAS; CTNND; KIAA0384; P120CAS; P120CTN; p120;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 105kDa

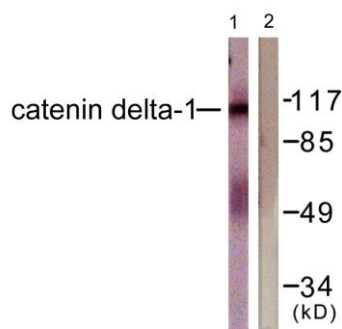

Application

WB 1:500-1:2000

IHC 1:50-1:200

Background

Beside cell-cell adhesion, regulates gene transcription through several transcription factors including ZBTB33/Kaiso2 and GLIS2, and the activity of Rho family GTPases and downstream cytoskeletal dynamics (PubMed:10207085, PubMed:20371349).

Western blot analysis of extracts from HuvEc cells, using CTNND1 antibody.

For Research Use Only. Not For Use In Diagnostic Procedures.
