

Product Datasheet

Involucrin Antibody

Catalog No: CY1093

Reactivity: Human

Isotype: Rabbit IgG

Applications: WB, IHC

www.abways.com

Information

UniProt ID: P07476

All Names: INVO; Involucrin; IVL

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 68kDa

Application

WB 1:500~1:3000

IHC 1:50~1:200

Background

IVL Part of the insoluble cornified cell envelope (CE) of stratified squamous epithelia. Belongs to the involucrin family. Directly or indirectly cross-linked to cornifelin (CNFN).

Western blot analysis on HuvEc cell lysate using Involucrin Antibody

For Research Use Only. Not For Use In Diagnostic Procedures.
