

Product Datasheet

KLK3 Antibody

Catalog No: CY1252

Reactivity: Human

Isotype: Rabbit IgG

Applications: WB,IHC

www.abways.com

Information

UniProt ID: P07288

All Names: APS; Gamma-seminoprotein; hK3; Kallikrein-3; kallikrein-related peptidase 3; KLK2A1; KLK3; P-30 antigen; prostate specific antigen; Prostate-specific antigen; PSA; Semenogelase; Semin

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 34kDa

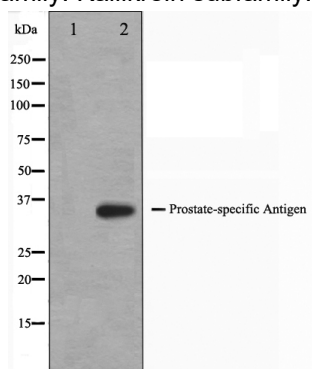

Application

WB 1:500~1:3000

IHC 1:50~1:200

Background

KLK3 Hydrolyzes semenogelin-1 thus leading to the liquefaction of the seminal coagulum. Belongs to the peptidase S1 family. Kallikrein subfamily.

Western blot analysis on mouse heart cell lysate using KLK3 Antibody

For Research Use Only. Not For Use In Diagnostic Procedures.
