

Product Datasheet

STAT1 Antibody

Catalog No: CY5227

Reactivity: Human Mouse

Isotype: Rabbit IgG

Applications: WB IP FC

www.abways.com

Information

UniProt ID: P42224

All Names: Signal transducer and activator of transcription 1; Signal transducer and activator of transcription 1-alpha/beta; Transcription factor ISGF-3 components p91/p84; ISGF3; CANDF7; STAT 1; Stat1;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 84 kDa

Application

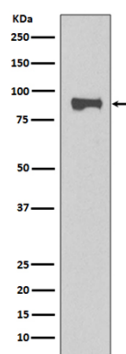

WB: 1:1000~1:2000

IP: 1:50

FC: 1:50

Background

The protein encoded by this gene is a member of the STAT protein family. In response to cytokines and growth factors, STAT family members are phosphorylated by the receptor associated kinases, and then form homo- or heterodimers that translocate to the cell nucleus where they act as transcription activators.

Western blot analysis of STAT1 expression in HeLa cell lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
