

Product Datasheet

PD1 Antibody

Catalog No: CY5229

Reactivity: Human

Isotype: Rabbit IgG

Applications: IHC

Information

UniProt ID: Q15116

All Names: CD279 ; hPD 1; hSLE1 ; PD1; PDCD1; Programmed cell death 1; Protein PD 1; SLEB2 ;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 32 kDa

Application

IHC: 1:50~1:200

Background

Inhibitory cell surface receptor involved in the regulation of T-cell function during immunity and tolerance. Upon ligand binding, inhibits T-cell effector functions in an antigen-specific manner. Possible cell death inducer, in association with other factors.

Immunohistochemical analysis of paraffin embedded Human T-cell lymphoma tissue labelling PD1.
