

Product Datasheet

Flotillin 1 Antibody

Catalog No: CY5264

Reactivity: Human, Mouse

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: O75955

All Names: Flotillin1 ; Flotillin 1; Reggie 2; FLOT1; Integral membrane component of caveolae;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 48 kDa

Application

WB: 1:500~1:2000

Background

May act as a scaffolding protein within caveolar membranes, functionally participating in formation of caveolae or caveolae-like vesicles.

Western blot analysis on HeLa cell lysate using Flotillin1 Antibody.

For Research Use Only. Not For Use In Diagnostic Procedures.
