

Product Datasheet

Phospho-ANXA2 (Ser26) Antibody

Catalog No: CY6032

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: P07355

All Names: Annexin A2 antibody Annexin II antibody Annexin II, heavy chain antibody Annexin-2 antibody ANX 2 antibody ANX2 antibody ANX2L4 antibody ANXA2 antibody ANXA2_HUMAN antibody

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 37 kDa

Application

WB 1:500-1:2000

Background

Calcium-regulated membrane-binding protein whose affinity for calcium is greatly enhanced by anionic phospholipids. It binds two calcium ions with high affinity. May be involved in heat-stress response

Western blot analysis of ANXA2 (Phospho-Ser26) expression in 293 cell extract
