

Product Datasheet

Phospho-p130 Cas (Tyr410) Antibody

Catalog No: CY6385

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB, IHC

www.abways.com

Information

UniProt ID: P56945

All Names: BCA1, BCAR1, Breast cancer anti-estrogen resistance 1 protein, CAS, CRK-associated substrate, CRKAS

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 130kDa

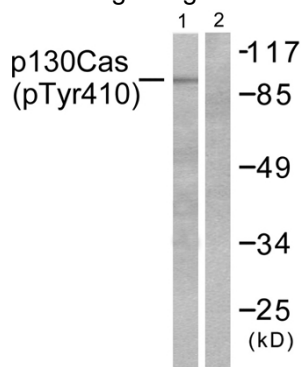

Application

WB 1:500-1:2000

IHC 1:50-1:200

Background

a docking protein containing multiple protein-protein interaction domains. Plays a central coordinating role for tyrosine-kinase-based signaling related to cell adhesion. Implicated in induction of cell migration.

Western blot analysis of extracts from NIH/3T3 cells, using p130 Cas (Phospho-Tyr410) antibody.

For Research Use Only. Not For Use In Diagnostic Procedures.
