

Product Datasheet

Alpha Fodrin Antibody

Catalog No: CY6940

Reactivity: Human Mouse Rat

Isotype: Rabbit IgG

Applications: WB IHC IP

www.abways.com

Information

UniProt ID: Q13813

All Names: Alpha II Spectrin; EIEE5; Fodrin alpha chain; NEAS; SPECA; Spectrin; Spna2; SPTAN1;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 150,285kDa

Application

WB 1:1000~1:5000

IHC 1:50~1:200

IP 1:10

Background

Fodrin (also named nonerythroid spectrin) is a universally expressed membrane-associated cytoskeletal protein consisting of alpha- and beta-subunits. This protein is important for maintaining normal membrane structure and supporting cell surface protein function. Alpha-fodrin is one of the primary targets cleaved by caspases during apoptosis.

Western blot analysis of Alpha Fodrin expression in HeLa cell lysate treated with Camptothecin.

For Research Use Only. Not For Use In Diagnostic Procedures.
