

Product Datasheet

SNAP23 Antibody

Catalog No: CY7007

Reactivity: Human Mouse Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: O00161

All Names: HsT17016; LS-B8340; SNAP23A; SNAP23B; Synaptosomal associated protein 23; Vesicle membrane fusion protein SNAP23;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

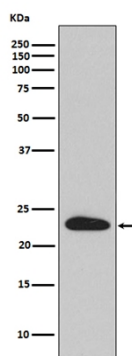

Molecular Wt.: 23kDa

Application

WB 1:500~1:2000

Background

Essential component of the high affinity receptor for the general membrane fusion machinery and an important regulator of transport vesicle docking and fusion.

Western blot analysis of SNAP23 expression in HeLa cell lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
