

Product Datasheet

Dynein intermediate chain 1 Antibody

Catalog No: CY7031

Reactivity: Human Mouse Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: Q9UI46

All Names: DNAI1; ICS; Immotile cilia syndrome 1; ICS1; CILD1; PCD;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

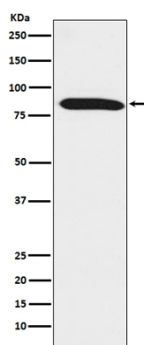

Molecular Wt.: 79kDa

Application

WB 1:500~1:2000

Background

Part of the dynein complex of respiratory cilia.

Western blot analysis of Dynein intermediate chain 1 expression in mouse testis lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
