

Product Datasheet

TRPM7 Antibody

Catalog No: CY7162

Reactivity: Human Mouse Rat

Isotype: Rabbit IgG

Applications: WB ICC/IF FC

www.abways.com

Information

UniProt ID: Q96QT4

All Names: ALSPDC; CHAK; CHAK1; LTrpC7; TRPM7;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 213kDa

Application

WB 1:500~1:2000

ICC/IF 1:50~1:200

FC 1:100

Background

Essential ion channel and serine/threonine-protein kinase. Divalent cation channel permeable to calcium and magnesium. Has a central role in magnesium ion homeostasis and in the regulation of anoxic neuronal cell death.

Western blot analysis of TRPM7 expression in HeLa cell lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
