

Product Datasheet

Fructose 6 Phosphate Kinase Antibody

Catalog No: CY8047

Reactivity: Human Mouse Rat

Isotype: Rabbit IgG

Applications: WB ICC/IF FC

www.abways.com

Information

UniProt ID: P08237

All Names: GSD7; PFK1; PFKA; PFKX; PFK-1; Phosphohexokinase;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 81kDa

Application

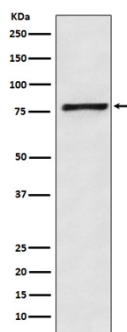

WB 1:500~1:2000

ICC/IF 1:50~1:200

FC 1:100

Background

Carbohydrate degradation; glycolysis; D-glyceraldehyde 3-phosphate and glyceraldehyde phosphate from D-glucose: step 3/4.

Western blot analysis of Fructose 6 Phosphate Kinase expression in HeLa cell lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
