

Product Datasheet

Cadherin 16 Antibody

Catalog No: CY8828

Reactivity: Human Mouse

Isotype: Rabbit IgG

Applications: WB IHC IP

www.abways.com

Information

UniProt ID: O75309

All Names: Cadherin 16; Cadherin kidney; CDH16; Kidney cadherin; Ksp cadherin;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 120kDa

Application

WB 1:500~1:2000

IHC 1:100~1:500

IP 1:40

Background

Cadherins are calcium dependent cell adhesion proteins. They preferentially interact with themselves in a homophilic manner in connecting cells; cadherins may thus contribute to the sorting of heterogeneous cell types.

Western blot analysis of Cadherin 16 expression in Human fetal kidney lysate.

For Research Use Only. Not For Use In Diagnostic Procedures.
