

Product Datasheet

Integrin beta 7 Antibody

Catalog No: CY9200

Reactivity: Human

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: P26010

All Names: Gut homing receptor beta subunit; Integrin beta 7 subunit; Integrin beta-P; Integrin, beta 7; ITB7; Itgb7; Ly69; M290 IEL antigen;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 100/120kDa

Application

WB 1:500~1:2000

Background

Integrin alpha-4/beta-7 (Peyer patches-specific homing receptor LPAM-1) is an adhesion molecule that mediates lymphocyte migration and homing to gut-associated lymphoid tissue (GALT).

For Research Use Only. Not For Use In Diagnostic Procedures.
