

Product Datasheet

Phospho-Protein Kinase D2 (S876) Antibody

Catalog No: CY9415

Reactivity: Human, Mouse, Rat

Isotype: Rabbit IgG

Applications: WB

www.abways.com

Information

UniProt ID: Q9BZL6

All Names: HSPC187; nPKC D2; PKD2; Prkd2; Protein kinase D2;

Form: Liquid

Storage instructions: Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.

Storage buffer: pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.

Purity: Affinity-chromatography

Immunogen: A synthesized peptide

Molecular Wt.: 97kDa

Application

WB 1:500~1:2000

Background

Converts transient diacylglycerol (DAG) signals into prolonged physiological effects, downstream of PKC. Involved in resistance to oxidative stress.

For Research Use Only. Not For Use In Diagnostic Procedures.
